

# The Group Tour Company

## Washington & New York Group Tours

Since 1975 The Group Tour Company has been customizing all-inclusive tours for travel professionals on the East Coast. Whether you are marketing your own product or selling to pre-formed groups we can customize itineraries to include accommodations, meals, transportation and escort/guide services. Your personal tour planner will coordinate all aspects of the itinerary to ensure a successful tour product.

It is our philosophy that the single most important factor in working with a client is honesty. Trust grows out of honesty. We believe that to develop a quality tour product you need to develop an honest and trusting relationship. The trust we develop together will keep your existing clients happy and help you earn a solid reputation to attract new business.
